Management Discussion And Analysis**1. Industry Structure and Developments:**

The Company was incorporated on 22nd September, 1992. Due to the high competition in the business of IT your company is focusing on its Finance business and to reflect the same, it has proposed to change its name for which it has received NOC from RBI.

The company is restructuring itself year by year with its dedicated team of professionals the company is planning to grow strength by strength in finance sector. The company has finance activity and prudentially intends to continue to undertake the business of finance ahead in accordance with RBI regulations of NBFC. In the event of the recent worldwide crisis of Covid-19 pandemic the economy as a whole has been affected however, the announcements by the Government of India of relief measures and measures to promote growth in the industry and economy also show promise and opportunities for the company.

2. Opportunities, threats risk and concerns:

There has been no significant impact on the operations/financial position of the company on account of the outbreak of the COVID 19 pandemic and the limitations/restrictions arising there from.

Further, in the scenario of ensuring credit availability, NBFC continues to play a crucial role in providing an impetus to the India's credit market. NBFCs providing specialized funding solutions offer a conducive platform for corporate deals and are ideal for last mile funding of large projects.

Consequently, in spite of the overall challenges in FY 2021-22, NBFC managed to stage a good show in the face of stricter governance by RBI. This was essentially made possible because of their presence in niche segments.

3. Segment-wise or product-wise performance:

The company has only finance related income, hence the company does not have separate reportable business segment.

4. Business Outlook:

As a forward looking statement it can be noted that the company appears to heading better all-round performance during the coming years in this situation, the performance of the Company will depend a lot on the quality of their risk management process, market understanding and due diligence systems.

5. Internal Control System and their adequacy:

The Company has adequate internal control procedures commensurate with the size and nature of its business. The internal control system provides for policies, guidelines, authorization and procedures. The Audit Committee of the Board of Directors headed by an independent director periodically reviews the internal audit reports, significant risk area assessment and adequacy of internal controls for ensuring checks and balances.

6. Discussion on Financial Performance:

The financial results and performance for the year are elaborated in the Directors' Report.

7. Human resources:

Various Human Resource initiatives are taken to align the HR Policies according to the emerging requirement including training programmes to upgrade their professional, interpersonal and management skills. Our relationship with the employees continues to remain cordial throughout the year.

8. Cautionary Statement:

This report contains estimates and expectations, or may be considered to be forward looking Statements within the meaning of applicable laws and regulations. Actual results could differ or vary materially from those expressed or implied due to various factors.

INDEPENDENT AUDITORS' REPORT**To the Members of Indo-City Infotech Limited,****Opinion**

We have audited the Ind AS financial statements of Indo-City Infotech Limited (the 'Company'), which comprise the Balance Sheet as at March 31, 2022, the statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, and to the best of our information and according to the explanations given to us, the accompanying Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit and other comprehensive income, changes in equity and its cash flow for the year ended on March 31, 2022.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Ind AS Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to be communicated in the report.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that

were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about

the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by 'the Companies (Auditor's Report) Order, 2020', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the **Annexure - A** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of the written representations received from the Directors as on March 31, 2022 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2022 from being appointed as a Director in terms of Section 164(2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure - B**;
 - (g) In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its Directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any Director is not in excess of the limit laid down under Section 197 of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - (i) The Company does not have any pending litigations as at March 31, 2022 which would impact its financial position.
 - (ii) The Company did not have any long-term contracts including derivative contracts as at March 31, 2022.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2022.
 - (iv) (A) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the ultimate beneficiaries;
 - (B) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any

person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the ultimate beneficiaries; and

(C) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- (v) The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

- (e) Since the Company's principal business is to give loans, the provisions of clause 3(iii)(e) of the Order are not applicable to it.
- (f) In our opinion and according to the information and explanations given to us, the Company has granted loans or advances in the nature of loans which are either repayable on demand or without specifying any terms or period of repayment, required details in respect thereof are as below:

(Rs. In Cr.)

	All Other Parties	Promoters	Related Parties
Aggregate amount of loans/ advances in nature of loans :			
- Repayable on demand (A)	6.38	-	-
- Agreement does not specify any terms or period of repayment (B)	-	-	-
Total (A+B)	6.38	-	-
Percentage of loans/ advances in nature of loans to the total loans	100%	-	-

- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposit or amounts which are deemed to be deposits from the public during the year in terms of directives issued by the Reserve Bank of India or the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Hence, reporting under clause (v) of the Order is not applicable.
- vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income-tax and goods and service tax and is regular in depositing other undisputed statutory dues, including provident fund, employee's state insurance, duty of customs, duty of excise, cess and other material statutory dues, as applicable, with the appropriate authorities.
- According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, Goods and Services Tax, duty of customs, cess and other material statutory dues were in arrears as at 31 March 2022 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income-tax, duty of customs, goods and service tax, duty of excise which have not been deposited on account of any dispute.
- viii. In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, we confirm that we have not come across any transactions recorded in the books of account which reflect income surrendered or disclosed during the year in the tax assessments under the Income Tax Act, 1961.
- ix. (a) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings to financial institutions, banks and dues to debenture holders or in payment of interest thereon to any lender during the year. The Company does not have any borrowings from Government.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority or any other lender.
- (c) The Company has neither taken any term loan during the year nor there are unutilized term loans at the beginning of the year; hence, reporting under clause (ix)(c) of the Order is not applicable.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have, prima facie, been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on

account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

- x. (a) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not raised any moneys by way of initial public offer and further public offer (including debt instruments) during the year.
(b) In our opinion and according to the information and explanations given to us, the Company has not made any preferential allotment / private placement of shares / fully / partly / optionally convertible debentures during the year.
- xi. (a) In our opinion and according to the information and explanations given to us, there has been no fraud by the Company or any material fraud on the Company that has been noticed or reported during the year.
(b) According to the information and explanations given to us, no report under sub-section (12) of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
(c) According to the information and explanation given to us, no whistle-blower complaints were received during the year by the company.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, reporting under clause (xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
(b) We have considered, during the course of our audit, the reports of the Internal Auditor for the period under audit.
- xv. According to the information and explanations given to us, in our opinion, during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors.
- xvi. (a) In our opinion, the Company is required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and the Company has obtained the required registration.
(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtaining a valid CoR from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
(c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, accordingly the provisions of sub-clause (c) and (d) of clause 3(xvi) of the Order are not applicable.
- xvii. According to the information and explanations given to us and based on the audit procedures conducted we are of opinion that the company has not incurred any cash losses in the financial year and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly, the provisions of clause 3(xviii) of the Order is not applicable.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. In our opinion, as per section 135 of the Act, no amount was required to be spent by the Company on Corporate Social Responsibility (CSR) related activities during the year. Accordingly, reporting under clause (xx) of the Order is not applicable to the Company.
- xxi. Reporting under clause xxi of the Order is not applicable at the standalone level. Accordingly, no comment has been included in respect of said clause under this report.

Annexure B to Independent Auditors' Report

Referred to in paragraph 2(f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of Indo-City Infotech Limited.

Report on the Internal Financial Controls with reference to the aforesaid Standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting with reference to the Ind AS financial statements of Indo-City Infotech Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting with reference to the Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls Over Financial Reporting" issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls which were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") and the Standards on Auditing as specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, and both issued by the Institute of Chartered Accountants of India (ICAI). Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Financial Statements

6. A Company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that:
 - i. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;

- ii. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- iii. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to these Financial Statements

7. Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**NOTE 1: COMPANY OVERVIEW**

Indo-City Infotech Limited (the "Company") is a Public Limited Company domiciled in India and incorporated on September 22, 1992 under the provisions of Companies Act, 1956. The Company is engaged in the business of NBFC. The equity shares of the Company are listed on BSE Limited.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**A. Basis of preparation of financial statements****(i) Statement of Compliance**

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind-AS") under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind-AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(ii) Basis of Measurement

The financial statements have been prepared on historical cost basis except the following:

- certain financial assets and liabilities (including derivative instruments) are measured at fair value;
- assets held for sale- measured at fair value less cost to sell;
- defined benefit plans- plan assets measured at fair value.

(iii) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification. An asset is treated as current when it is expected to be realised or intended to be sold or consumed in normal operating cycle, held primarily for the purpose of trading, expected to be realised within twelve months after the reporting period and cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when it is expected to be settled in normal operating cycle, it is held primarily for the purpose of trading, it is due to be settled within twelve months after the reporting period and there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(iv) The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupees and all values are rounded to the nearest Rupees, except when otherwise stated.

B. Use of Estimates:

The preparation of the financial statements in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note C below. Accounting estimates could change from period to period. Actual results could differ from

those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

C. Critical Accounting Estimates

(i) Income Taxes

The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

(ii) Property, Plant and Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

(iii) Fair Value Measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgments is required in establishing fair values. Judgments' include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 26-28 for further disclosures.

D. Property, Plant and Equipment:

Land (including Land Developments) is carried at historical cost. All other items of property, plant and equipment are stated in the Balance Sheet at cost historical less accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. All other repair and maintenance costs are recognised in profit or loss as incurred.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Subsequent to recognition, property, plant and equipment (excluding freehold land) are measured at cost less accumulated depreciation and accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Company recognizes such parts as individual assets with specific useful lives and depreciation respectively. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement cost only if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and land developments) less their residual values over the useful lives, using the straight- line method ("SLM"). Management believes that the useful lives of the assets reflect the periods over which these assets are expected to be used, which are as follows:

Description of Asset	Estimated useful lives
Computers and Printers, including Computer Peripherals (including server and networking)	3 -6 years
Office Equipments	5 years

Furniture and Fixtures	10 years
------------------------	----------

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Assets individually costing less than Rs. 5,000 are fully depreciated in the year of acquisition.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

E. Intangible Assets

Intangible asset including intangible assets under development are stated at cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets acquired separately are measured on initial recognition at cost.

Intangible assets in case of computer software are amortised on straight-line basis over a period of 4 years, based on management estimate. The amortization period and the amortisation method are reviewed at the end of each financial year.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with infinite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

F. Impairment of Non-Financial Assets

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. An impairment loss is recognized in the profit or loss. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. A reversal of an impairment loss is recognised immediately in profit or loss.

G. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial Instruments are further divided in two parts viz. Financial Assets and Financial Liabilities.

a) Initial Recognition and Measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

b) Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories

Financial Assets at Amortised Cost:

A Financial Assets is measured at the amortised cost if both the following conditions are met

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Financial Assets at FVTOCI (Fair Value Through Other Comprehensive Income)

A Financial Assets is classified as at the FVTOCI if following criteria are met:

The objective of the business model is achieved both by collecting contractual cash flows (i.e. SPPI) and selling the financial assets.

Financial instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Financial Assets at FVTPL (Fair Value Through Profit or Loss)

FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a financial instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any financial instrument as at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity Investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind-AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The

Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. Investment in subsidiaries is carried at cost in the financial statements.

c) De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily de-recognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

d) Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, deposits, trade receivables and bank balance;
- Financial assets that are debt instruments and are measured as at FVTOCI
- Lease receivables under Ind-AS 17
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind-AS 18 (referred to as 'contractual revenue receivables' in these financial statements)
- Loan commitments which are not measured as at FVTPL
- Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument.

The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within

12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Company considers:

All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the Company uses the remaining contractual term of the financial instrument; and

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed. On that basis, the Company estimates the following provision matrix at the reporting date:

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is grouped under the head 'other expenses'. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the Balance Sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Loan commitments and financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any Purchased or Originated Credit-Impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Part II - Financial Liabilities

a) Initial Recognition and Measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

b) Subsequent Measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives

are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss is designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity.

All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss

Loans and Borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Preference shares, which are mandatorily redeemable on a specific date, are classified as liabilities under borrowings. The dividends on these preference shares, if any are recognised in the profit or loss as finance cost.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

c) De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

d) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

H. Derivative Financial Instruments and Hedge Accounting

Initial recognition and subsequent measurement:

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps to hedge its foreign currency risks and interest rate risks, respectively.

Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind-AS 109 are recognised in the statement of profit and loss. Any gains or losses arising from changes in the fair value of derivatives are

taken directly to profit or loss.

I. Inventories

Inventories are valued at lower of cost on First-In-First-Out (FIFO) or net realizable value after providing for obsolescence and other losses, where considered necessary. Cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of purchased inventory is determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

J. Recognition of Revenue

Income from Services:

Income from trading in securities are recognized on accrual basis on the date of sales and purchase and determined based on the FIFO cost of the securities sold.

Sale of Goods

Sales are recognised when the substantial risk and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are recognized net of trade discounts, rebates, sales taxes and excise duties. Domestic sales are recognized on dispatch to customers. Exports sales are recognized on the date of cargo receipts, bill of landing or other relevant documents, in accordance with the terms and conditions for sales.

Interest Income on Long Term Loans

Interest income are recognised on time proportion basis taking into account the amount outstanding are the applicable interest rate except, where the recovery is uncertain, in which case it is accounted for on receipts.

K. Other Income

Dividend: Dividend income is recognized when right to received dividend is established.

Interest: Interest income on fixed deposits with banks is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Gain/ loss on investment in share and securities are accounted for when the investment is sold on the day of settlement of transaction.

L. Provisions and Contingent Liabilities

General

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements. Payments in respect of such liabilities, if any are shown as advances.

M. Accounting for Taxation of Income**(i) Current Taxes**

Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in other comprehensive income or equity respectively. Current income tax is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The Company offsets, on a year to year basis, the current tax assets and liabilities, where it has legally enforceable right to do so and where it intends to settle such assets and liabilities on a net basis.

(ii) Deferred Taxes

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the Balance Sheet Liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

N. Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique

In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability if market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization

(based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

O. Foreign Currency-Transactions and Balances

The Company's functional currency is INR and accordingly, the financial statements are presented in INR. Transactions in foreign currencies are initially recorded by the company in their functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting period. Gains and losses arising on account of differences in foreign exchange rates on settlement/ translation of monetary assets and liabilities are recognised in the Statement of Profit and Loss except exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in profit or loss are also recognised in OCI or profit or loss, respectively).

P. Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

Q. Employee Benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the undiscounted amounts of the benefits expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

R. Earnings Per Share

Basic Earnings Per Share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Weighted average number of equity shares that would have been outstanding assuming the conversion of all the dilutive potential equity.

S. Cash and Cash Equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits

with an original maturity of three months or less from the date of acquisition, which are subject to an insignificant risk of changes in value.

T. Segment Reporting

The Company has only finance income. Accordingly, the Company does not have separate reportable business segment for the quarter and year ended March 31, 2022.

NOTE 30: FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations directly or indirectly. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The below note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial instruments, Fixed Deposit with Banks, financial assets measured at amortised	Aging analysis and Credit ratings	Diversification of Existing credit limits Unutilised from Consortium Bankers.
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts.	Availability of Committed Credit lines and borrowings facilities
Liquidity Risk	Future commercial transactions. Recognised financial liabilities not denominated in Indian Rupee (INR).	Cash flow forecasting and Sensitivity analysis.	Forward foreign exchange contracts.
Market Risk - interest rate	Long-Term borrowings at variable rates	Sensitivity analysis	Interest rate swaps

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including Fixed deposits with banks and financial institutions and other financial instruments.

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed by the management on regular basis with market information and individual credit limits are defined accordingly. Outstanding receivables are regularly monitored and any further services to major receivables are approved by the senior management

An impairment analysis is performed at each reporting date on an individual basis for major receivables. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 8.

On account of adoption of Ind-AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customers.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made generally in the fixed deposits and for funding to subsidiary company. The investment limits are set to minimise the concentration of risks and therefore mitigate financial loss to make payments for vendors.

The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2022 and March 31, 2021 is the carrying amounts as stated in balance sheet.

Liquidity Risk

The Company monitors its risk of a shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank loans and unsecured loans. The Company has access to a sufficient variety of sources of funding which can be rolled over the existing lenders. The Company believes that the working capital is sufficient to meet its current requirements. The table below provides details regarding the maturities of significant financial liabilities as of March 31, 2022:

Risk	Less than 3 Months	3 to 12 months	1 to 5 years	> 5 years	Total
Year ended March 31, 2022					
Secured Loan	-	-	-	-	-
Unsecured	-	-	-	-	-
Provisions	90,632	-	-	-	90,632
Others	65,600	-	-	-	65,600

Market Risk

Market risk comprises two types of risk: interest rate risk and currency risk. Financial instruments are affected by market risk include loans and borrowings and deposits.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company's policy is to keep balance between its borrowings at fixed rates of interest. The difference between fixed and variable rate interest amounts calculated by reference to an agreed-upon notional principal amount. The exposure of the Company to interest rate changes at the end of the reporting period are as under:

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Variable rate of borrowings	-	-
Fixed rate of borrowings	-	-
Total	-	-

Interest rate sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowing affected after the impact of hedge accounting. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase / Decrease in basis point	Effect in Profit before Tax
March 31, 2022	+ 1 %	-
	- 1 %	-
March 31, 2021	+ 1 %	-
	- 1 %	-

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates to purchase of raw material of chemical and fertiliser products from out of the India. The Company manages its foreign currency risk by hedging the payables as and when considered necessary. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. The Company hedges its exposure to fluctuations on the translation into INR of its foreign payables in foreign currencies and by using foreign currency option or forward contracts.

Foreign Currency Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in foreign exchange rate, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Particulars	Increase / Decrease in basis point	Effect in Profit before Tax
March 31, 2022	+ 5 %	1,10,117
	- 5 %	(1,10,117)
March 31, 2021	+ 5 %	1,10,117
	- 5 %	(1,10,117)

Equity price risk

The Company's unlisted equity securities are of subsidiary and deemed cost of the same are taken as previous GAAP carrying value (i.e. cost of acquisition). The value of the financial instruments is not material and accordingly any change in the value of these investments will not affect materially the profit or loss of the Company

NOTE 31: CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity share capital, securities premium and all other reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the value of the share and to reduce the cost of capital. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company can adjust the dividend payment to shareholders, issue new shares, etc. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The Company includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents
